

ESF 921 Delta Series All Amino Acid Deficient Insect Cell Media

Product Information

Product Name

ESF 921 Delta Series All Amino Acid Deficient Insect Cell Media

Research Area

Insect cell medium & supplement

Application

Insect cell medium

Unit Size

1L

Format

Bottle(s), Sustainable packaging

Form

Liquid

Recommended Cell Line

Sf9, Sf21, High Five, Drosophila S2

Storage Conditions

2-8°C. Protect from light

Shipping Conditions

Room Temperature

Feature

1. Produces high titer baculovirus vector yields
 2. Compatible with wide range of BEV platforms
 3. Complete, ready-to-use – no additional reagents required
 4. Ideal for both small and large scale manufacturing of insect cells
-
